Voorhees Pediatric Facility

Strategic Plan 2026

Culture

We will instill a results-oriented, data driven, safe culture that is inclusive of all and focuses on diversity, equity and belonging.

Quality and Safety

Every interaction - with patients, residents, families and colleagues - will be error-free and focused on improving quality and safety.

Employee Engagement

To improve employee engagement, we will continue to integrate more continuous, focused and rapid feedback structures.

Innovation

We will drive positive change throughout the organization by introducing new technologies that advance our practice and disrupt conventional thinking to achieve optimal results.

Resource Stewardship

We will be responsible stewards of all resources to enable strategic investment in all aspects of our mission by attending to budgetary responsibilities, utilizing analytic tools and driving top performance.
